Dear Mark,

I wanted to take the opportunity to congratulate you on your CEDIA award for Best Home Theater Level VIII. This recognition demonstrates the significant contributions your company is making in the residential integration market. Being one of only two winners from the international community is an accomplishment for which you should be very proud.

AMX appreciates your continued business and support for the innovative new products we're introducing to the marketplace. With partners such as Command Performance, we are succeeding at redefining the future of home control and automation.

Again, congratulations on this prestigious award.

Sincerely,
